

A Divine Message of Hope and Love

The Great Storm is Coming!

I asked the Lord if there was something that He would like to share with you. It is September 1, 2020. His reply: “Do you hear Me? Do you hear Me, Debbie? Do you really, really hear me? Debbie, far, much farther than you will ever travel, in the East, a Great Storm is forming. It is not like any storm you have experienced. It is the storm of a magnitude of atom bombs exploding in areas of great numbers of people; the places where tall buildings rise into the sky. This is not news to you. You have been preparing for such an event to take place for many years. So what do you share of this perilous time with those you desire to share with?”

Debbie, this will be a time of Great Awakening of My people in a way they never understood. My ways have become shrouded and even forsaken as the ways of men have over shadowed My desires for My people. My desire has always been to have a people who desired to spend time with Me; to want to know Me and know how much I love them, to seek Me not out of duty, but out of their heart’s desire. I want them to be My people who long for Me as I long for them to spend time with Me. They are My children and I desire for them to come to Me when they need counsel or when they seek help, or even when they just need a friend to chat with. I want to be their All-in-All. I want to be the first thoughts when difficulties come or when they feel blessed. I want them to know Me; not just know of Me. I want them to seek Me with their whole hearts, minds, and souls. I want them to reach for Me as a child reaches for its parent. I want to be their First Love, not an after thought or a duty they feel they have to perform. I want to be the strongest desire in their lives - setting aside their convenience and entertainment - and making Me their top priority. I want to be everything they desire above all others. I want to be for them what no one else can be. I Love Them. I want them to know I Love Them. I want them to know I will never leave them nor forsake them. I want them to know I am their Heavenly Father.

I also want them to know when the difficulties come, the Great Storm, it was evil who used men who were deceived that unleashed evil’s fury on the unsuspecting. The Great Storm comes for the destruction of the world’s ways, but not for the destruction of My people. As with any great storm, My people are to seek shelter from the Great Storm.”

Recipes for Living/Thriving Tips:

In 2008, we were shown that a Great Storm was coming. In fact, there is an entire section of many writings throughout that year and beyond that provided descriptions, as stated here, of what was coming. The descriptions were first of a small cloud forming and then through other descriptions in writings it grew and became darker and darker - and then was revealed a Great Storm and the descriptions much like above. Having had my own wilderness journey, we understood and we started preparing. Some would say we were fools, but as it was revealed that nations were building nuclear weapons (nations seemingly determined to destroy America,) it was apparent that we must prepare.

In 2016, through a writing, we were shown that all we had learned since 2008 in regards to preparations, we were to share at this website. It wasn’t our plan; it was the Lord’s plan. And now, we are in the midst of shortages of all kinds, with the threat of worse to come. And, just as we have taught in “Practical Prepping God’s Way,” we continue to prepare. **PREPARE! PREPARE! PREPARE!** *Debbie*
